

## Testimony

When I first came to The United States of America, I never expected where it would lead to in my life. I did not believe in Yeshua or the Father although I knew that there was still some truth to it, I just did not know what part or all of it. I was very confused by religion and the churches and what occurred to people that I was close to.

The conviction of Keith, now James started making me question everything that I thought I knew. As James went through the Narrow Way, he told me unbelievable stories. I knew James well enough to know that he would never lie about the Father nor would he lie about Yeshua. As unbelievable as these stories were, they were captivating. During this time my faith got stronger and began to believe again.

As time progressed I met Jen, now Sarah and she went through something much different than James but again it was very captivating. And again my faith grew stronger as I was learning from their experiences. One thing that I did know is that the churches never taught me anything close to what I have learned here.

Today I am trying to find the path but I still stumble constantly. I do know that Yeshua is listening because He sends me confirmations with one of my favorite songs. I know that I am condemned and Yeshua is the only way to salvation period, this I whole heartedly now believe. I know that Yeshua looks out for me and He lets me know that He is there. I need to find Him.
